

## Vice Chair of Governing Board

Andy Farrow

“I am a parent governor, elected in January 2013. I am father to two daughters both of whom attend Egginton School. Part of my responsibility as a Governor is to be involved in matters relating to the school premises and our relationship with the Memorial Hall Trustees who own our school site and the Memorial Hall that we use as our school hall. My day job is running a software development company that specialises in the Private Healthcare market and at home I am always busy with the family and one building / DIY project or another.”
