Date	Review Date	Leader	Nominated Governor

This policy is a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Childcare Act 2006
- Safeguarding Vulnerable Groups Act 2006
- Equality Act 2010
- Education Act 2011
- Children and Families Act 2014
- Special Educational Needs and Disability (Detained Persons) Regulations 2015

The following documentation is also related to this policy:

- Statutory Framework for the Early Years Foundation Stage (DfE)
- Equality Act 2010: Advice for Schools (DfE)
- Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE)
- Special Educational Needs and Disability Code of Practice: 0 to 25 Years. Statutory Guidance for Organisations Who Work With and Support Children and Young People with Special Educational Needs and Disabilities (DfE) and (DoH)

We believe... 'Every child deserves the best possible start in life and the support that enables them to fulfil their potential. Children develop quickly in the early years and a child's experiences between birth and age five have a major impact on their future life chances. A secure, safe and happy childhood is important in its own right. Good parenting and high-quality early learning together provide the foundation children need to make the most of their abilities and talents as they grow up.' (Statutory Framework for the Early Years Foundation Stage (DfE))

We are aware... 'The Early Years Foundation Stage (EYFS) sets the standards that all early years providers must meet to ensure that children learn and develop well and are kept healthy and safe. It promotes teaching and learning to ensure children's 'school readiness' and gives children the broad range of knowledge and skills that provide the right foundation for good future progress through school and life.' (Statutory Framework for the Early Years Foundation Stage (DfE))

The EYFS, which refers to children from birth to five years of age, is based upon the following four principles: **a unique child; positive relationships; enabling environments; learning and development** and it seeks to provide: **quality and consistency; a secure foundation; partnership working; and equality of opportunity.**

For all children within the EYFS, we have a duty to:

- shape activities and experiences (educational programmes) (**learning and development**);
- help children work towards acquiring knowledge, skills and understanding (**early learning goals**);
- provide **assessment arrangements for measuring progress**;
- **report** to parents on their children's progress;
- safeguard children and promote their welfare (**safeguarding and welfare arrangements**).

The EYFS is made up of seven areas of **learning and development** which are all very important and interconnected.

The three prime areas of **communication and language; physical development; and personal, social and emotional development** are particularly crucial for igniting children's curiosity and enthusiasm for learning and for building their capacity to learn, form relationships and thrive. It is very important for children to develop the three prime areas first as they are most essential for a child's healthy development and future learning. Also, as children grow, the prime areas will help them to develop skills in the four specific areas of **literacy, mathematics, understanding the world and expressive arts and design.**

We firmly believe that all seven areas of learning and development must be delivered through planned, purposeful play, with a balance of adult-led activities and child-initiated activities. We want all our children to learn by playing and exploring, by being active and through creative and critical thinking. We use both the indoor and outdoor environments so that children can develop intellectually,

creatively, physically, socially and emotionally. We work hard to give every child the opportunity to achieve their best as we believe every child is a unique child who is constantly learning.

We recognise our responsibilities under the Health and Safety at Work Act 1974 and will take all reasonably practicable steps to provide and maintain safe and healthy working conditions (on the school premises and during school-sponsored activities), equipment and systems of work for all our pupils, school personnel and visitors to the school.

We wish to work closely with the school council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that are connected with this policy.
